Creativas.io
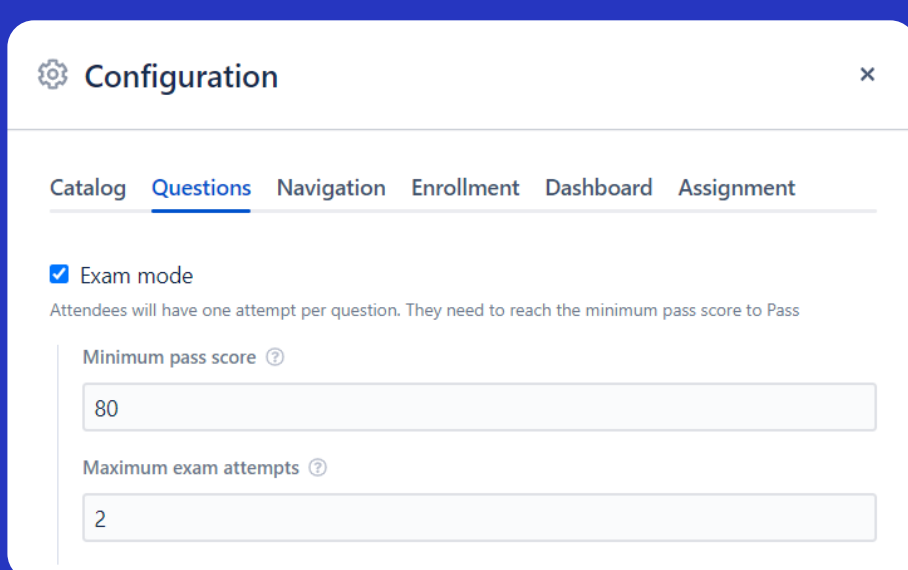

Exam and certification

Enable the exam mode and certification to assess the users' knowledge and skills, and provide them with a tangible recognition.
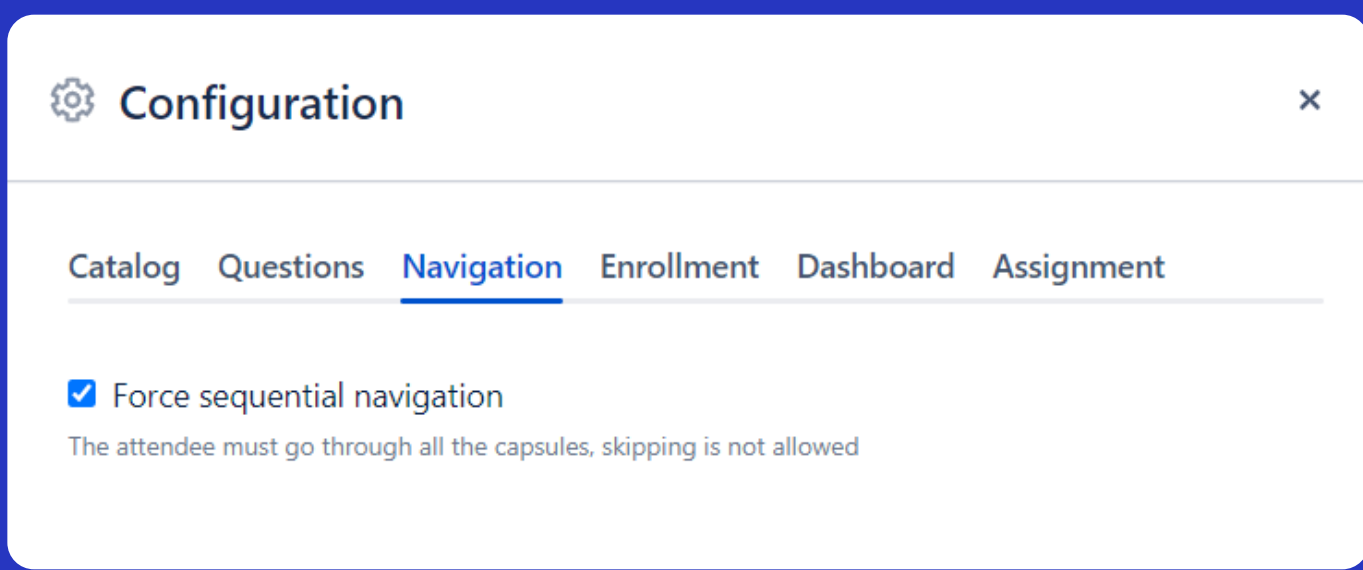

Enable the "Exam mode"

Choosing the minimum pass score and the maximum exam attempts is mandatory in the exam mode.

Configuration	✕

Catalog   Questions   Navigation   Enrollment   Dashboard   Assignment

☑ Exam mode
Attendees will have one attempt per question. They need to reach the minimum pass score to Pass

Minimum pass score ⓘ
> 80

Maximum exam attempts ⓘ
> 2

Allow "Force sequential navigation"

Keep this option enabled with the exam mode to prevent jumping between capsules.

⚙ Configuration   ✕

Catalog   Questions   **Navigation**   Enrollment   Dashboard   Assignment

☑ Force sequential navigation
The attendee must go through all the capsules, skipping is not allowed

Check "Hide expected options for wrong answers"

If they have more than 1 attempt in the course, it is advised to hide the correct options for wrong answers.

☐ Hide questions results
Question results will not be displayed to the attendees once they submit their answers

☐ Hide overall questions results
Hide overall score and questions results to the attendees at the end of the course session

☑ Hide expected options for wrong answers
Correct option(s) will not be displayed to the attendees if the result is wrong

Enable "Certification"

Customize your own template of certification per course and enable it for "Only when pass".
